State Operations Manual Appendix PP Revised 2/3/23

Objectives:

Review Section C- Cognitive Patterns
Review Section D- Mood
Review Section E- Behavior
Review Section Q- Participation in Assessment and Goal Setting
Review Related Regulations

Section C: Cognitive Patterns

- C0100: If the resident is ever understood, the interview needs to be attempted. Use the resident's preferred language or primary method of communication. DO NOT consult B0700 to decide to do the interview or not.
- If the interview is not possible, the resident is rarely or never understood, then skip to the staff assessment.
- If the assessment should have been done during the look back period and WAS NOT, code C0100 as YES and dash (-) the information.
- C0500: Enter "99" if the resident was unable to complete the interview, do not dash.
- Score: 13-15 cogitatively intact, 8-12 moderately impaired, 0-7 severely impaired.

*Need documentation of examples

Section C (continued)

- C0600: Staff assessment should only be completed if the resident refuses, has nonsensical responses or is rarely/never understood.
- DO NOT complete a staff assessment if the resident interview should have been done and was not.
- C1310: Signs and Symptoms of Delirium: This may alert you to a problem. Probe and document what was said, then make a decision about notifying the physician.

Section C Coding Tips from page C-2

- Because a PDPM cognitive level is utilized in the speech language pathology (SLP) payment component of PDPM, assessment of resident cognition with the BIMS or Staff Assessment for Mental Status is a requirement for all PPS assessments.
- As such, only in the case of PPS assessments, staff may complete the Staff Assessment for Mental Status for an interviewable resident when the resident is unexpectedly discharged from a Part A stay prior to the completion of the BIMS.
- In this case, the assessor should enter 0, No in C0100: Should Brief Interview for Mental Status Be Conducted? and proceed to the Staff Assessment for Mental Status.

Section C - Cognitive Patterns

C0100. Should Brief Interview for Mental Status (C0200-C0500) be Conducted?	C0600. Should the Staff Assessment for Mental Status (C0700 - C1000) be Conducted?
Attempt to conduct interview with all residents	Enter Code 0. No (resident was able to complete Brief Interview for Mental Status) → Skip to C1310, Signs and Symptoms of Delirium
Enter code 0. No (resident is rarely/never understood) → Skip to and complete C0700-C1000, Staff Assessment for Mental Status	 Yes (resident was unable to complete Brief Interview for Mental Status) → Continue to C0700, Short-term Memory OK
 Yes → Continue to C0200, Repetition of Three Words 	Staff Assessment for Mental Status
	Do not conduct if Brief Interview for Mental Status (C0200-C0500) was completed
Brief Interview for Mental Status (BIMS)	C0700. Short-term Memory OK
	Enter Code Seems or appears to recall after 5 minutes 0. Memory OK
C0200. Repetition of Three Words	1. Memorý problem
Ask resident: "I am going to say three words for you to remember. Please repeat the words after I have said all three. The words are: sock, blue, and bed. Now tell me the three words."	C0800. Long-term Memory OK
Number of words repeated after first attempt 0. None	Enter Code Seems or appears to recall long past 0. Memory OK 1. Memory problem
1. One 2. Two	C0900. Memory/Recall Ability
3. Three	Check all that the resident was normally able to recall
After the resident's first attempt, repeat the words using cues ("sock, something to wear; blue, a color; bed, a piece of furniture"). You may repeat the words up to two more times.	A. Current season
C0300. Temporal Orientation (orientation to year, month, and day)	B. Location of own room
Ask resident: "Please tell me what year it is right now."	C. Staff names and faces
Enter Coste A. Able to report correct year 0. Missed by > 5 years or no answer	 D. That they are in a nursing home/hospital swing bed
1. Missed by 2-5 years 2. Missed by 1 year	Z. None of the above were recalled
3. Correct	C1000. Cognitive Skills for Daily Decision Making
Ask resident: "What month are we in right now?" B. Able to report correct month 0. Missed by > 1 month or no answer 1. Missed by 6 days to 1 month 2. Accurate within 5 days	Enter Code Made decisions regarding tasks of daily life O. Independent - decisions consistent/reasonable 1. Modified independence - some difficulty in new situations only 2. Moderately impaired - decisions poor, cues/supervision required 3. Severely impaired - never/rarely made decisions
Ask resident: "What day of the week is today?"	
Enter Code C. Able to report correct day of the week	C1310. Signs and Symptoms of Delirium (from CAM©)
0. Incorrect or no answer 1. Correct	Code after completing Brief Interview for Mental Status or Staff Assessment, and reviewing medical record A. Acute Onset Mental Status Change
C0400. Recall	Enter Code Is there evidence of an acute change in mental status from the resident's baseline?
Ask resident: "Let's go back to an earlier question. What were those three words that I asked you to repeat?" If unable to remember a word, give cue (something to wear; a color; a piece of furniture) for that word. Enter cose A. Able to recall "sock"	0. No 1. Yes
0. No - could not recall	Coding: 0. Behavior not present
1. Yes, after cueing ("something to wear") 2. Yes, no cue required	Behavior continuously present, does not fluctuate Behavior present, fluctuates (comes and goes, changes in severity)
Enter Code B. Able to recall "blue" 0. No - could not recall 1. Yes, after cueing ("a color") 2. Yes, no cue required	Enter Codes in Boxes B. Inattention - Did the resident have difficulty focusing attention, for example, being easily distractible or having difficulty keeping track of
Enter Code C. Able to recall "bed" 0. No - could not recall 1. Yes, after cueing ("a piece of fumiture") 2. Yes, no cue required	 what was being said? Disorganized Thinking - Was the resident's thinking disorganized or incoherent (rambling or irrelevant conversation, unclear or illogical flow of ideas, or unpredictable switching from subject to subject)? Altered Level of Consciousness - Did the resident have altered level of consciousness, as indicated by any of the following criteria? vigitant - startied easily to any sound or touch
C0500. BIMS Summary Score	 lethargic - repeatedly dozed off when being asked questions, but responded to voice or touch
Enter Score Add scores for questions C0200-C0400 and fill in total score (00-15)	 stuporous - very difficult to arouse and keep aroused for the interview comatose - could not be aroused
Enter 99 if the resident was unable to complete the interview	

Section C - Cognitive Patterns

Section D: Mood

- D0100 Should Resident Mood Interview be Conducted?
- D0100: If the resident is ever understood, the interview needs to be attempted. Use the resident's primary method of communication. DO NOT consult B0700 to decide to do the interview or not.
- If the interview is not possible, the resident is rarely or never understood, then skip to the staff assessment.
- If the resident refuses, make several attempts.
- If the assessment should have been done during the look back period and WAS NOT, code D0100 as YES and dash (-) the information.

Section D (PHQ-9)

- D0150: Symptom presence and frequency may alert you to a problem. Probe and document what was said during the interview. Then make a decision to notify the physician or not.
- D0150 I: Thoughts that would be better off dead- you must ask this question. If yes, find out why. Feeling ready to die is not the same as better off dead.
- D0160 Total Severity Score: 1-4 Minimal depression, 5-9 Mild, 10-14 Moderate, 15-19 Moderately Severe, 20-27 Severe depression.

Section D (continued)

- D0500: Staff assessment should only be completed if the resident refuses, has nonsensical responses or is rarely/never understood.
- DO NOT complete a staff assessment if the resident interview should have been done and was not.

D0600. Total Severity Score		
Add scores for all frequency responses in Column 2, Symptom Frequency. Total score must be be	tween 00 and 30.	
D0700. Social Isolation		
Enter Code How often do you feel lonely or isolated from those around you? 0. Never 1. Rarely 2. Sometimes 3. Often 4. Always 7. Resident declines to respond 8. Resident unable to respond		

D0700 Social Isolation

- <u>Resident self-reported item</u>
- A social determinant of health (SDOH)
- What other risks are associated with feeling isolated for this resident?
 - Nutrition?
 - Incontinence?
 - Accidents?
- Help the resident identify activities they enjoy and implement.
- Help connect them with others

Section E: Behavior

- This section is based on observations during the look back period.
- An increase in behaviors should be discussed with the physician, consider PASRR notification, or a possible SCSA.
- Should seek to understand why the behavior is being exhibited: lonely, meaningless, helpless, boredom.
- *Need documentation of dates and behaviors.

Section E (continued)

- E0800 Rejection of Care: If the resident understands the ramifications of the lack of care, this would not be rejection.
- When surveyors look at ADL care, facial hair, long nails, the rejection of care section of the MDS is also reviewed.
- E0900 and E1000: Wandering. If the resident is out of the building without staff knowledge=elopement.
- Not talking about alert and oriented who have been assessed as safe to go outside. Or confused residents who are allowed to wander into an enclosed, secured area.
- If the resident has exit seeking behaviors, and this was prior knowledge, the facility is liable.

Code of Federal Regulations (CFR)

- State Operations Manual Appendix PP revised 2/3/23: <u>https://www.cms.gov/medicare/provider-enrollment-and-certification/guidanceforlawsandregulations/downloads/appendix-pp-state-operations-manual.pdf</u>
- Resident Rights
 - F550-F586
- Discharge Planning
 - F660
- Behavioral Health
 - F740-F745

F552 Right to be Informed/ Make Treatment Decisions

- The resident has the right to be informed of, and participate in, his or her treatment, including:
- The right to be fully informed in language that he or she can understand of his or her total health status, including but not limited to, his or her medical condition.
- The right to be informed, in advance, of the care to be furnished and the type of care giver or professional that will furnish care.
- The right to be informed in advance, by the physician or other practitioner or professional, of the risks and benefits of proposed care, of treatment and treatment alternatives or treatment options and to choose the alternative or option he or she prefers.

F561 Self Determination

- The resident has the right to and the facility must promote and facilitate resident self-determination through support of resident choice...
- The resident has a right to choose activities, schedules (including sleeping and waking times), health care and providers of health care services consistent with his or her interests, assessments, and plan of care and other applicable provisions...
- The resident has a right to make choices about aspects of his or her life in the facility that are significant to the resident.
- The resident has a right to interact with members of the community and participate in community activities both inside and outside the facility.
- The resident has a right to participate in other activities, including social, religious, and community activities that do not interfere with the rights of other residents in the facility.

F561 Self Determination (continued)

During interviews with residents or their family and/or representative(s), determine if they are given the opportunity to choose and whether facility staff accommodate his or her preferences for:

- Activities that interest them;
- Their sleep cycles;
- Their bathing times and methods;
- Their eating schedule;
- Their health care options; and
- Any other area significant to the resident.

F578 Request/Refuse/Discontinue Treatment; Formulate Advanced Directive

- The right to request, refuse, and/or discontinue treatment, to participate in or refuse to participate in experimental research, and to formulate an advance directive.
- These requirements include provisions to inform and provide written information to all adult residents concerning the right to accept or refuse medical or surgical treatment and, at the resident's option, formulate an advance directive.

• GUIDANCE

Facility staff should periodically review with the resident and resident representative the decisions made regarding treatments, experimental research and any advance directive and its provisions, as preferences may change over time.

*Surveyors are looking for evidence of Residents/RP being given information and the opportunity to formulate an Advanced Directive.

F656 Comprehensive Care Plan

- The facility must develop and implement a comprehensive person-centered care plan for each resident... The comprehensive care plan must describe the following —
- The services that are to be furnished to attain or maintain the resident's highest practicable physical, mental, and psychosocial well-being as required
- Any services that would otherwise be but are not provided due to the resident's exercise of rights, <u>including the right to refuse treatment</u>.
- Any specialized services or specialized rehabilitative services the nursing facility will provide as a result of PASARR recommendations.

F656 Comprehensive Care Plan (continued)

- In consultation with the resident and the resident's representative(s)—
- The resident's goals for admission and desired outcomes.
- The resident's preference and potential for future discharge. Facilities must document whether the resident's desire to return to the community was assessed and any referrals to local contact agencies and/or other appropriate entities, for this purpose.
- Discharge plans in the comprehensive care plan, as appropriate, in accordance with the requirements set forth in paragraph (c) of this section

F660 Discharge Planning Process

- The facility must develop and implement an effective discharge planning process that focuses on:
- the resident's discharge goals,
- the preparation of residents to be active partners
- and effectively transition them to post-discharge care,
- and the reduction of factors leading to preventable readmissions.
- The facility's discharge planning process must be consistent with the discharge rights as applicable...

F740 Behavioral Health Services

- Each resident must receive, and the facility must provide the necessary behavioral health care and services to attain or maintain the highest practicable physical, mental, and psychosocial well-being, in accordance with the comprehensive assessment and plan of care.
- Behavioral health encompasses a resident's whole emotional and mental well-being, which includes, but is not limited to, the prevention and treatment of mental and substance use disorders.

F740 Behavioral Health Services (continued)

GUIDANCE

- Providing behavioral health care and services is an integral part of the person-centered environment.
- This involves an interdisciplinary approach to care, with qualified staff that demonstrate the competencies and skills necessary to provide appropriate services to the resident.
- Individualized approaches to care (including direct care and activities) are provided as part of a supportive physical, mental, and psychosocial environment, and are directed toward understanding, preventing, relieving, and/or accommodating a resident's distress or loss of abilities.

F743 No Pattern of Behavioral Difficulties Unless Unavoidable

• A resident whose assessment did not reveal or who does not have a diagnosis of a mental or psychosocial adjustment difficulty or a documented history of trauma and/or PTSD does not display a pattern of decreased social interaction and/or increased withdrawn, angry, or depressive behaviors, unless the resident's clinical condition demonstrates that development of such a pattern was unavoidable...

F743 No Pattern of Behavioral Difficulties Unless Unavoidable

Facility staff must:

- Monitor the resident closely for expressions or indications of distress;
- Assess and plan care for concerns identified in the resident's assessment;
- Accurately document the changes, including the frequency of occurrence and potential triggers in the resident's record;
- Share concerns with the interdisciplinary team (IDT) to determine underlying causes, including differential diagnosis;
- Ensure appropriate follow-up assessment, if needed; and
- Discuss potential modifications to the care plan.

Section Q: Participation in Assessment and Goal Setting

- Intent: The items in this section are intended to record the participation and expectations of the resident, family members, or significant other(s) in the assessment, and to understand the resident's overall goals.
- Section Q ensures all individuals have the opportunity to learn about home and community-based services and to receive long term care in the least restrictive setting possible.
- This is also a civil right for all residents. Interviewing the resident or designated individuals places the resident or their family at the center of decision-making.

Section Q

- Language for Section Q
- Interviewing the resident or designated individuals places the resident or their family at the center of decision-making.

╋

- Puts emphasis on the resident's....
 - Civil rights
 - Right to request and receive information on communitybased services
 - Request to learn about home and community-based services is not a request for discharge
 - Family support is not always necessary
- Section 504 of the Rehabilitation Act prohibits discrimination based on disability

Office of Civil Rights-May 2016 Guidance to SNFs

- When coding Q0310 Resident's Overall Expectation, the response selected must reflect the resident's perspective if they are able to express it, even if the opinion of family member/significant other or guardian/legally authorized representative differs.
- Coding other than the resident's stated expectation is a violation of the resident's civil rights.
- Unjustified segregation can include nursing home placement when a resident could live in a more integrated setting. 7/5/23

Q0610: Referral

- Has a referral been made to the Local Contact Agency (LCA)?
- For additional guidance, see CMS' Planning for Your Discharge: A checklist for patients and caregivers preparing to leave a hospital, nursing home, or other health care setting.
- Available at: <u>https://www.medicare.gov/pubs/pdf/11376-</u> <u>discharge-planning-checklist.pdf</u>

Q0620 Reason Referral to LCA Not Made

Discharge Planning Collaboration

- Nursing home staff are expected to contact Local Contact Agencies for those residents who express a desire to learn about possible transition back to the community and what care options and supports are available.
- Local Contact Agencies expected to respond to nursing home staff referrals by providing information to residents about available community-based, long-term care supports and services.
- Nursing home staff and Local Contact Agencies expected to meaningfully engage residents in their discharge and transition plan, and collaboratively work to arrange for all of the necessary community-based, long-term care services.

The Office of Civil Rights Recommends...

- Review/Revise/Develop policies/procedures on Discharge Planning, MDS administration, and LCA referral process
- Train all members of the IDT on Section Q, and what the area LCA has to offer
- Invite the LCA and community-based service systems in to provide training

Discharge Planning Process should...

- Identify the needs and goals of *this* resident
- Include the resident as an active partner
- Emphasize value in moving back to the community
- Ensure a referral is made to the LCA if the resident indicates interest
- Include documentation if discharge to the community is not feasible
- Who decided and why
- Be re-evaluated and updated as necessary

Thank you!

- Thank you for all the work you do to ensure the care, comfort and safety of our most vulnerable in society. This is not an easy job you do, and it must come from the heart. Weariness and frustration can easily become your best friends, but don't let them take over! Know that you are not alone in your work. Reach out, make friends and contacts who will encourage your soul.
 - Please know that you are welcome to call or email me anytime.
- Sincerely, Janet
